PROGRAM OUTCOMES:

PURPOSE: Upon completion of the Sociology Transfer Pathway program at RCTC, students will achieve the following outcomes:

- Articulate and demonstrate how the sociological perspective works in everyday life.
- Apply multiple theories and theoretical approaches to explain social patterns.
- Demonstrate their understanding of and ability to analyze social stratification.
- Identify the relationships between macro social structures and micro social processes.

ADDITIONAL NOTES:

The Sociology Transfer Pathway AA offers students a powerful option: the opportunity to complete an Associate of Arts degree with course credits that directly transfer to designated Sociology bachelor's degree programs at Minnesota State universities. The curriculum has been specifically designed so that students completing this pathway degree and transferring to one of the seven Minnesota State universities* enter the university with junior-year status. All courses in the Transfer Pathway associate degree will directly transfer and apply to the designated bachelor's degree programs in a related field.

*Universities within the Minnesota State system include Bemidji State University; Metropolitan State University; Minnesota State University, Mankato; Minnesota State University Moorhead; Southwest Minnesota State University; St. Cloud State University; and Winona State University.
